
CSI Shoeprints workshop

At a Crime Scene it is amazing what you can work out from a shoe print. With new skills we investigate Who, Where, What and When?

Its a crime scene and our CSI Shoeprints workshop is all about detecting the criminal.

KS2 children learn to use their new skills to make footprint moulds, examine evidence and solve the Antiques Cabinet Mystery. This KS2 workshop develops skills in team working, attention to detail and the ability to examine and use evidence.
